

I have released 2 new Joomla modules - Google Finance Currencies and Google Finance Market Bonds.

Demo for both modules work on News4Trader.com

[Google Finance Currencies](index.php?option=com_smestorage&Itemid=60&folder=Joomla+tools%2FFinance+tools%2FGoogle+Finance+Currencies) displays currency exchange rates.

[Google Finance Market Bonds](index.php?option=com_smestorage&Itemid=60&folder=Joomla+tools%2FFinance+tools%2FGoogle+Finance+Market+Bonds) display bonds rates , pulled from Google Finance.

Also modules [Google Finance Summary](index.php?option=com_smestorage&Itemid=60&folder=Joomla+tools%2FFinance+tools%2FGoogle+Finance+Summary) and [Google Finance Works Markets](index.php?option=com_smestorage&Itemid=60&folder=Joomla+tools%2FFinance+tools%2FGoogle+Finance+World+markets) were updated to new versions.

All modules work with Joomla 1.5, 1.6 and 1.7 versions.
